## Explanatory Note

Zoom Video Communications, Inc. (the “Company”) is filing this Current Report on Form 8-K/A solely to (i) include the “Amortization on marketable securities” line item in its condensed consolidated statements of cash flows which was inadvertently omitted in a press release issued on August 30, 2021 announcing the Company’s financial results for the three months ended July 31, 2021 (the “Original Press Release”) and (ii) include Exhibit 104 in the exhibit index.

The Company has not made other changes to the information furnished with the original Form 8-K.

### Item 2.02 Results of Operations And Financial Condition.

On August 30, 2021, the Company issued the Original Press Release announcing its financial results for the three months ended July 31, 2021. A copy of the press release, as updated, is furnished as Exhibit 99.1 to this report and is incorporated by reference.

The information contained in this report, including Exhibit 99.1 attached hereto, is furnished and shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or subject to the liabilities of that section. The information shall not be deemed incorporated by reference into any other filing with the Securities and Exchange Commission made by the Company regardless of any general incorporation language in such filing, except as shall be expressly set forth by specific reference in such filing.

### Item 9.01 Financial Statements And Exhibits.

**Zoom Reports Financial Results for the Second Quarter of Fiscal Year 2022**

- *Second quarter total revenue of \$1,021.5 million, up 54% year over year*
- *Number of customers contributing more than \$100,000 in TTM revenue up 131% year over year*
- *Second quarter GAAP operating margin of 28.8% and non-GAAP operating margin of 41.6%*

**SAN JOSE, California** – August 30, 2021 – Zoom Video Communications, Inc. (NASDAQ: ZM) is updating this press release to include the “Amortization on marketable securities” line item in its condensed consolidated statements of cash flows. Complete corrected text follows.

Zoom Video Communications, Inc. (NASDAQ: ZM) today announced financial results for the second fiscal quarter ended July 31, 2021.

“In Q2, we achieved our first billion dollar revenue quarter while delivering strong profitability and cash flow,” said Zoom founder and CEO, Eric S. Yuan. “Q2 also marked several milestones on our expansion beyond the UC platform. We launched Zoom Apps, bringing over 50 apps directly into the Zoom experience, and Zoom Events, an all-in-one digital events service. Today we are a global brand counting over half a million customers with more than 10 employees, which we believe positions us extremely well to support organizations and individuals as they look to reimagine work, communications, and collaboration.”

**Second Quarter Fiscal Year 2022 Financial Highlights:**

- **Revenue:** Total revenue for the second quarter was \$1,021.5 million, up 54% year over year.
- **Income from Operations and Operating Margin:** GAAP income from operations for the second quarter was \$294.6 million, up from \$188.1 million in the second quarter of fiscal year 2021. After adjusting for stock-based compensation expense and related payroll taxes, acquisition-related expenses, and expenses related to charitable donation of common stock, non-GAAP income from operations for the second quarter was \$424.7 million, up from \$277.0 million in the second quarter of fiscal year 2021. For the second quarter, GAAP operating margin was 28.8% and non-GAAP operating margin was 41.6%.
- **Net Income and Diluted Net Income Per Share:** GAAP net income attributable to common stockholders for the second quarter was \$316.9 million, or \$1.04 per share, up from \$185.7 million, or \$0.63 per share in the second quarter of fiscal year 2021.  
Non-GAAP net income for the quarter was \$415.1 million, after adjusting for stock-based compensation expense and related payroll taxes, acquisition-related expenses, gains on strategic investments, undistributed earnings attributable to participating securities, and expenses related to charitable donation of common stock. Non-GAAP net income per share was \$1.36. In the second quarter of fiscal year 2021, non-GAAP net income was \$274.8 million, or \$0.92 per share.
- **Cash and Marketable Securities:** Total cash, cash equivalents, and marketable securities, excluding restricted cash, as of July 31, 2021 was \$5.1 billion.
- **Cash Flow:** Net cash provided by operating activities was \$468.0 million for the second quarter, compared to \$401.3 million in the second quarter of fiscal year 2021. Free cash flow, which is net cash provided by operating activities less purchases of property and equipment, was \$455.0 million, compared to \$373.4 million in the second quarter of fiscal year 2021.

**Customer Metrics:** Drivers of total revenue included acquiring new customers and expanding across existing customers. At the end of the second quarter of fiscal year 2022, Zoom had:

- 2,278 customers contributing more than \$100,000 in trailing 12 months revenue, up approximately 131% from the same quarter last fiscal year.
- Approximately 504,900 customers with more than 10 employees, up approximately 36% from the same quarter last fiscal year.

- A trailing 12-month net dollar expansion rate in customers with more than 10 employees above 130% for the 13th consecutive quarter.

**Financial Outlook:** Zoom is providing the following guidance for its third quarter fiscal year 2022 and its full fiscal year 2022.

- Third Quarter Fiscal Year 2022: Total revenue is expected to be between \$1.015 billion and \$1.020 billion and non-GAAP income from operations is expected to be between \$340.0 million and \$345.0 million. Non-GAAP diluted EPS is expected to be between \$1.07 and \$1.08 with approximately 309 million non-GAAP weighted average shares outstanding.
- Full Fiscal Year 2022: Total revenue is expected to be between \$4.005 billion and \$4.015 billion. Non-GAAP income from operations is expected to be between \$1.500 billion and \$1.510 billion. Non-GAAP diluted EPS is expected to be between \$4.75 and \$4.79 with approximately 308 million non-GAAP weighted average shares outstanding.

Additional information on Zoom's reported results, including a reconciliation of the non-GAAP results to their most comparable GAAP measures, is included in the financial tables below. A reconciliation of non-GAAP guidance measures to corresponding GAAP measures is not available on a forward-looking basis without unreasonable effort due to the uncertainty of expenses that may be incurred in the future, although it is important to note that these factors could be material to Zoom's results computed in accordance with GAAP.

A supplemental financial presentation and other information can be accessed through Zoom's investor relations website at [investors.zoom.us](https://investors.zoom.us).

### **Zoom Video Earnings Call**

Zoom will host a Zoom Video Webinar for investors on August 30, 2021 at 2:00 p.m. Pacific Time / 5:00 p.m. Eastern Time to discuss the company's financial results and business highlights. Investors are invited to join the Zoom Video Webinar by visiting: <https://investors.zoom.us/>

### **About Zoom**

Zoom is for you. We help you express ideas, connect to others, and build toward a future limited only by your imagination. Our frictionless communications platform is the only one that started with video as its foundation, and we have set the standard for innovation ever since. That is why we are an intuitive, scalable, and secure choice for large enterprises, small businesses, and individuals alike. Founded in 2011, Zoom is publicly traded (NASDAQ:ZM) and headquartered in San Jose, California. Visit [zoom.com](https://zoom.com) and follow @zoom.

### **Forward-Looking Statements**

This press release contains express and implied "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, including statements regarding our financial outlook for the third quarter of fiscal year 2022 and full fiscal year 2022, Zoom's growth strategy and business aspirations to support organizations and people on multiple fronts as they look to reimagine work, communications and collaboration. In some cases, you can identify forward-looking statements by terms such as "anticipate," "believe," "estimate," "expect," "intend," "may," "might," "plan," "project," "will," "would," "should," "could," "can," "predict," "potential," "target," "explore," "continue," or the negative of these terms, and similar expressions intended to identify forward-looking statements. By their nature, these statements are subject to numerous uncertainties and risks, including factors beyond our control, that could cause actual results, performance or achievement to differ materially and adversely from those anticipated or implied in the statements, including: declines in new customers and hosts, renewals or upgrades, difficulties in evaluating our prospects and future results of operations given our limited operating history, competition from other providers of communications platforms, continued uncertainty regarding the extent and duration of the impact of COVID-19 and the responses of government and private industry thereto, including the potential effect on our user growth rate once the impact of the COVID-19 pandemic tapers, particularly as a vaccine becomes widely available, and users return to work or school or are otherwise no longer subject to shelter-in-place mandates, as well as the impact of COVID-19 on the overall economic environment, any or all of which will have an impact on demand for remote work solutions for businesses as well as overall distributed, face-to-face interactions and collaboration using Zoom, delays or outages in services from our co-located data centers, and failures in internet infrastructure or interference with broadband access which could cause current or potential users to believe that our systems are unreliable. Additional risks and uncertainties that could cause actual outcomes and results to differ materially from those contemplated by the forward-looking statements are included under the caption "Risk Factors" and elsewhere in our most recent filings with the Securities and Exchange Commission (the "SEC"), including our quarterly report on Form 10-Q for the fiscal quarter ended April 30, 2021. Forward-looking statements speak only as of the date the statements are made and are based on information available to Zoom at the time those statements

are made and/or management's good faith belief as of that time with respect to future events. Zoom assumes no obligation to update forward-looking statements to reflect events or circumstances after the date they were made, except as required by law.

### **Non-GAAP Financial Measures**

Zoom has provided in this press release financial information that has not been prepared in accordance with generally accepted accounting principles in the United States ("GAAP"). Zoom uses these non-GAAP financial measures internally in analyzing its financial results and believes that use of these non-GAAP financial measures is useful to investors as an additional tool to evaluate ongoing operating results and trends and in comparing Zoom's financial results with other companies in its industry, many of which present similar non-GAAP financial measures.

Non-GAAP financial measures are not meant to be considered in isolation or as a substitute for comparable GAAP financial measures and should be read only in conjunction with Zoom's condensed consolidated financial statements prepared in accordance with GAAP. A reconciliation of Zoom's historical non-GAAP financial measures to the most directly comparable GAAP measures has been provided in the financial statement tables included in this press release, and investors are encouraged to review the reconciliation.

**Non-GAAP Income From Operations and Non-GAAP Operating Margins.** Zoom defines non-GAAP income from operations as income from operations excluding stock-based compensation expense and related payroll taxes, expenses related to charitable donation of common stock, acquisition-related expenses, and litigation settlements, net. Zoom excludes stock-based compensation expense and expenses related to charitable donation of common stock because they are non-cash in nature and excluding these expenses provides meaningful supplemental information regarding Zoom's operational performance and allows investors the ability to make more meaningful comparisons between Zoom's operating results and those of other companies. Zoom excludes the amount of employer payroll taxes related to employee stock plans, which is a cash expense, in order for investors to see the full effect that excluding stock-based compensation expense had on Zoom's operating results. In particular, this expense is dependent on the price of our common stock and other factors that are beyond our control and do not correlate to the operation of the business. Zoom views acquisition-related expenses when applicable, such as amortization of acquired intangible assets, transaction costs, and acquisition-related retention payments that are directly related to business combinations as events that are not necessarily reflective of operational performance during a period. Zoom excludes significant litigation settlements, net of amounts covered by insurance, that we deem not to be in the ordinary course of our business. In particular, Zoom believes the consideration of measures that exclude such expenses can assist in the comparison of operational performance in different periods which may or may not include such expenses and assist in the comparison with the results of other companies in the industry.

**Non-GAAP Net Income and Non-GAAP Net Income Per Share, Basic and Diluted.** Zoom defines non-GAAP net income and non-GAAP net income per share, basic and diluted, as GAAP net income attributable to common stockholders and GAAP net income per share attributable to common stockholders, basic and diluted, respectively, adjusted to exclude stock-based compensation expense and related payroll taxes, expenses related to charitable donation of common stock, acquisition-related expenses, litigation settlements, net, gains on strategic investments, and undistributed earnings attributable to participating securities. Zoom excludes gains on strategic investments because given the size and volatility in the ongoing adjustments to the valuation of our strategic investments, we believe that excluding these gains or losses facilitates a more meaningful evaluation of our operational performance. Zoom excludes undistributed earnings attributable to participating securities because they are considered by management to be outside of Zoom's core operating results, and excluding them provides investors and management with greater visibility to the underlying performance of Zoom's business operations, facilitates comparison of its results with other periods and may also facilitate comparison with the results of other companies in the industry.

In order to calculate non-GAAP net income per share, basic and diluted, Zoom uses a non-GAAP weighted-average share count. Zoom defines non-GAAP weighted-average shares used to compute non-GAAP net income per share, basic and diluted, as GAAP weighted average shares used to compute net income per share attributable to common stockholders, basic and diluted, adjusted to reflect the common stock issued in connection with the IPO, including the concurrent private placement, that are outstanding as of the end of the period as if they were outstanding as of the beginning of the period for comparability.

**Free Cash Flow.** Zoom defines free cash flow as GAAP net cash provided by operating activities less purchases of property and equipment. Zoom considers free cash flow to be a liquidity measure that provides useful information to management and investors regarding net cash provided by operating activities and cash used for investments in property and equipment required to maintain and grow the business.

## **Customer Metrics**

Zoom defines a customer as a separate and distinct buying entity, which can be a single paid host or an organization of any size (including a distinct unit of an organization) that has multiple paid hosts.

Zoom calculates net dollar expansion rate as of a period end by starting with the annual recurring revenue ("ARR") from all customers with more than 10 employees as of 12 months prior ("Prior Period ARR"). Zoom defines ARR as the annualized revenue run rate of subscription agreements from all customers at a point in time. We then calculate the ARR from these customers as of the current period end ("Current Period ARR"), which includes any upsells, contraction, and attrition. Zoom divides the Current Period ARR by the Prior Period ARR to arrive at the net dollar expansion rate. For the trailing 12 months calculation, Zoom takes an average of the net dollar expansion rate over the trailing 12 months.
